2011

GRANT PROGRAMS

Michigan Department of Natural Resources
Grants Management
**MICHIGAN DEPARTMENT OF NATURAL RESOURCES MISSION STATEMENT**

"The Michigan Department of Natural Resources is committed to the conservation, protection, management, use and enjoyment of the State's natural resources for current and future generations."

---

**NATURAL RESOURCES COMMISSION STATEMENT**

The Natural Resources Commission, as the governing body for the Michigan Department of Natural Resources, provides a strategic framework for the DNR to effectively manage your resources. The NRC holds monthly, public meetings throughout Michigan, working closely with its constituencies in establishing and improving natural resources management policy.

If you believe that you have been discriminated against in any program, activity, or facility, or if you desire additional information, please write: Human Resources, Michigan Department of Natural Resources, PO Box 30028, Lansing MI 48909-7528, or Michigan Department of Civil Rights, Cadillac Place, 3054 West Grand Blvd, Suite 3-600, Detroit, MI 48202, or Division of Federal Assistance, U.S. Fish and Wildlife Service, 4401 North Fairfax Drive, Mail Stop MBSP-4020, Arlington, VA 22203

For information or assistance on this publication, contact Grants Management, Michigan Department of Natural Resources, P.O. Box 30425, Lansing MI 48909-7925.

This publication is available in alternative formats upon request.
PREFACE

This catalog, "Michigan Department of Natural Resources 2011 Grant Programs," is an update to our previous publication regarding the various funding programs available through the Michigan Department of Natural Resources (DNR). Included are funds from the Fiscal Year 2010-2011 Appropriations for Operations and Michigan Natural Resources Trust Fund.

This publication primarily seeks to address two audiences.

✦ First, by sharing this information with our Legislators, we have addressed in part the requirements of PA 525 of 2002, Section 210(1)(a) through (g).

✦ Second, by communicating this information to local units of government and other potential applicants, we offer essential information on a wide spectrum of funding assistance.

Within the individual descriptions of each grant program, you will find the name and telephone number of the responsible division and a contact person. We encourage you to contact these individuals for additional information on programs of interest to you.

For general information on this publication, or to request additional copies, please contact Grants Management, Michigan Department of Natural Resources, P.O. Box 30425, Lansing, Michigan, 48909. Telephone: 517-373-9125.

This information is also available on the INTERNET at www.michigan.gov/dnr-grants.

STATE AND LOCAL RECREATION, INCLUDING LAND ACQUISITION

MICHIGAN NATURAL RESOURCES TRUST FUND

Program Objective(s):
The objective is to provide grants to local units of government and to the state for acquisition and development of lands and facilities for outdoor recreation or the protection of Michigan's significant natural resources.

Criteria:
Applications are evaluated on established criteria such as resource protection, access to recreation opportunities, and project need. At least 25 percent of the cost of the project is required as match from local government applicants. Final grant recommendations are made by the Michigan Natural Resources Trust Fund (MNRTF) Board (members are appointed by the Governor) to the state legislature for final approval. Criteria are listed in the “2011 Michigan Natural Resources Trust Fund Application Guidelines” booklet given to all applicants. There are ten evaluation criteria:

1. Need for Project
2. Site and Project Quality
3. Applicant History
4. Natural Resource Based Recreation Opportunities
5. Financial Need of the Applicant
6. Urban Area Recreation Opportunities
7. Applicant Match
8. Entrance Fees
9. Universal Design (for development projects only)
10. Priority Project Types of the MNRTF Board

The 2011 Special Initiatives of the Board are:

1. Trails
2. Wildlife/Ecological Corridors and Winter Deeryard Acquisitions
3. Project is Located within an Urban Area

Eligibility:
Any local unit of government, including school districts, or any combination of units in which authority is legally constituted to provide recreation. Local units of government, school districts and local authorities must have a DNR-approved recreation plan to be eligible.
Application Process:
1. Submittal and approval of a 5-year community recreation plan.
2. Submittal of grant application.
3. Evaluation by Department staff.
4. Recommendation by the MNRTF Board.
5. Passage of an appropriations bill by the legislature and signature by the Governor.

Deadline(s):
Applications must be postmarked (by the U.S. Postal Service) no later than April 1, 2011.

Timeline(s):
Grant recommendations are made by the MNRTF Board of Trustees in December. Final grant awards are dependent on the appropriations process, but in general are made within 12 to 18 months after the application deadline.

Dollar Amount(s) Available:
Development project minimum/maximum grant amount: $15,000 to $300,000. No minimum/maximum limits on land acquisition grants.

Source(s) of Funds:
Michigan Natural Resources Trust Fund

Authority:
Part 19 of P.A. 451 of 1994, as amended

Contact(s):
Grants Management: Steven J. DeBrabander, 517-241-3687, debrabanders@michigan.gov

Fiscal Year 2011 Funding Available:
The amount of funds available is not known at this time. Available funds are dependent on revenue and interest accruing to the MNRTF in a particular Fiscal Year and constitutional provisions. For more information, go to Grants Management’s website at: www.michigan.gov/dnr-grants.
**Program Objective(s):**
The objective is to provide grants to local units of government and to the state to develop land for public outdoor recreation.

**Criteria:**
Applications are evaluated based on established criteria outlined in the “2011 Land and Water Conservation Fund Open Project Selection Process (OPSP)” booklet. A 50 percent match is required by all applicants. The criteria used to select projects are published in the OPSP, and reflect the priorities found in the Statewide Comprehensive Outdoor Recreation Plan (SCORP). A copy of the SCORP is available on the Department of Natural Resources’ web page at: [www.michigan.gov/dnr](http://www.michigan.gov/dnr).

**Eligibility:**
Any local unit of government, including Native American tribes, school districts or any combination of units in which authority is legally constituted to provide recreation. Local units of government, school districts and local authorities must have a DNR-approved community recreation plan to be eligible.

**Application Process:**
1. Submittal of community recreation plan.
2. Submittal of grant application.
3. Evaluation by Michigan DNR staff.
4. Approval of project selection by DNR Director.
5. Recommendation by the Michigan DNR to the U.S. Department of Interior, National Park Service (NPS).
6. Final approval of project by NPS.

**Deadline:**
April 1, 2011 grant application

**Timeline(s):**
Grant awards are dependent on NPS approval process, but in general grant awards can be made six to nine months after the application deadline.

**Dollar Amount(s) Available:**
The amount of funds available from the Department of Interior is unknown at this time. Minimum grant of $30,000 (total project $60,000); maximum grant of $75,000 (total project ($150,000).
**LAND AND WATER CONSERVATION FUND**

**Source(s) of Funds:**
Federal Land and Water Conservation Fund

**Authority:**
CFDA 15.916 – Outdoor Recreation, Acquisition, Development & Planning
Part 703 of 1994 PA 451, as amended

**Contact(s):**
Grants Management: Steven J. DeBrabander, 517-241-3687, debrabanders@michigan.gov

**Fiscal Year 2011 Funding Available:**
Not determined at time of publishing, dependent on federal Fiscal Year 2011 apportionment. Details for the 2011 Land and Water Conservation Fund are currently under review. Please contact Grants Management for details on the current status of the program.

For more information, contact Grants Management's website at: [www.michigan.gov/dnr-grants](http://www.michigan.gov/dnr-grants).
RECREATION PASSPORT GRANT PROGRAM

Program Objective(s):
The objective for the program is to provide funding to local units for the development of public recreation facilities. This includes the development of new facilities and the renovation of old facilities.

Criteria:
Applications will be evaluated on criteria developed by the Department of Natural Resources (DNR) in consultation with stakeholders and the public. Finalized criteria will be released in conjunction with the request for proposals. Criteria will be similar to that of the federal Land and Water Conservation Fund.

Eligibility:
Eligibility is expected to be:

1) A local unit of government, including cities, villages, townships, and counties, or any combination thereof in which an authority is legally established to provide public recreation, or the Huron-Clinton Metropolitan Authority or regional recreation authorities formed under the Recreational Authorities Act, 2000 PA 321, or trailway commissions formed under Part 721, Michigan Trailways Act, 1994 PA 451, as amended.

Application Process:
1. Submittal of the grant application.
2. Evaluation by Michigan DNR staff.
3. Approval by the DNR Director.
4. Passage of an appropriations bill by the Legislature and signature by the Governor.

Deadline:
The expected application deadline is May 1, 2011.

Timeline(s):
Grant award notification is expected to occur annually by November 1. Final grant awards will depend on the appropriation process, but are expected to be made within six months.

Dollar Amount(s) Available:
Dollar amounts available are expected to be $7,500 to $30,000 per grant.

Source(s) of Funds:
Grants are funded through Recreation Passport revenue deposited in the Local Parks and Recreation Facilities Fund.

Authority:
Part 19 of PA 451 of 1994, as amended.
Contact(s):
Grants Management: Steven J. DeBrabander, 517-241-3687, debrabanders@michigan.gov
Grants Management: John Cherry, 517-373-2136, cherryj3@michigan.gov

Fiscal Year 2011 Funding Available:
Funding depends on revenue from sales of the Recreation Passport. The first $1,000,000 in revenue is appropriated to the Secretary of State, the next $10,700,000 is deposited in the State Park Improvement account, and the next $1,030,000 is deposited in the Waterways account. Ten percent of all remaining revenue is deposited in the Local Public Recreation Facilities Fund to be used for this grant program. Final fund levels for the year will be available in mid-October.
Note: Natural Heritage Grants will not be offered in 2011.

Program Objective(s):
The program is open to all individuals, groups, and government units. However, projects on private land that is not open to the public and is not contributing to natural resource conservation on a community-wide scale cannot be funded. All proposals will be reviewed and considered, although priority will be given to those projects deemed critical or significant to maintaining wildlife diversity in Michigan.

Primary funding is provided by the Nongame Wildlife Fund through a portion of the sale of the Wildlife Conservation license plate, through individual contributions, and through U.S. Fish and Wildlife Service State Wildlife Grants Program. Grantees will be required to identify a minimum match of 25% of the total cost of the project.

The Grants Program was initiated in 1985 to encourage citizen involvement in achieving the goal of Michigan’s Natural Heritage Program. The goal of the Natural Heritage Program is to identify, protect, manage, and restore native plant and animal species, natural communities, other natural features, and to promote the knowledge, enjoyment, and stewardship of Michigan’s native species and ecosystems for present and future generations.

Eligibility:
All individuals, groups and government units. All proposals will be reviewed and considered, although priority will be given to projects deemed critical or significant to maintaining wildlife diversity in Michigan.

Timeline(s):
Grants not being offered in 2011

Dollar Amount(s) Available:
Grants not being offered in 2011

Source(s) of Funds:
Primary funding is provided by the Nongame Wildlife Fund through citizen contributions on the state income tax form and through U.S. Fish and Wildlife Service State Wildlife Grants Program. Grantees will be required to identify a minimum match of 25% of the total cost of the project.

Authority:
Part 439, PA 451 of 1994, as amended

Contact(s):
Wildlife Division: Lori Sargent, 517-373-9418, sargentL2@michigan.gov

Fiscal Year 2011 Funding Available:
Grants not being offered in 2011
FISHERIES

INLAND FISHERIES GRANTS

NOTE: THERE WILL BE NO FUNDING AVAILABLE FOR THE INLAND FISHERIES GRANT PROGRAM IN 2011-2012

Program Objective(s):

1. To protect, maintain and/or enhance inland aquatic environments that support (or are capable of supporting) a significant public fishery.
2. To rehabilitate degraded inland fish communities on waters that support (or are capable of supporting) a significant public fishery.
3. To provide additional or more diverse fishing opportunities on inland waters that support (or are capable of supporting) a significant public fishery.
4. To foster educational and interpretive communications and interest in inland fish, fishing, and fisheries management when those communications and interests serve to protect, maintain, enhance, or rehabilitate the populations and habitat of fish and other forms of aquatic life.

Criteria:

Projects that are beneficial to the people of Michigan, inland fisheries resources, and meet one or more of the program objectives (above) are eligible for funding. In past years, criteria for scoring included completeness of the application, project need and its relationship to Fisheries Division and Inland Fisheries Grant (IFG) program objectives, and benefits to inland fisheries.

Applicants must demonstrate they can contribute at least 50 percent of the project’s cost as a match to the state grant.

Focus Area:

The Michigan DNR determines a focus area for each year’s grant projects. Only those applications that meet the focus area for that year will be eligible for funding. The focus area for fiscal years 2010-2012 will be a combination of Fish Passage and Inland Lake Management projects.

The scope of a focus area can be large and there are a variety of projects that will be eligible under each category. Projects will be considered if they mitigate the impacts on a fishery related to fish passage or if it involves inland lake management on publicly accessible lakes. Examples of the types of projects that will be considered include, but are not limited to:

- Enhancement of habitat and fisheries.
- Improvement of water quality and ecology.
- Improvement of riparian property for public fishing use.
- Rehabilitation of riparian natural form and function.
- Quantification and removal of sediment, including contaminated sediment.
- Rehabilitation of stream stability for maintaining channel dimension, pattern and profile.
- Quantification of nutrient loading.
- Improvement of lake level maintenance that more closely mimic natural variations.
- Long-term planning projects for water quality and riparian lands improvement benefiting inland lake ecosystems.
**Source of Funds:**
Game and Fish Protection Fund

**Dollar Amount(s) Available:**
Grants not being offered in 2011-2012

**Authority:**
Part 5, PA 451 of 1994, as amended

**Contact(s):**
Application Functions: Fisheries Division: Christian LeSage, 517-241-3624, lesagec@michigan.gov
**Program Objective(s):**
To provide funds for projects on the Manistee, Muskegon and AuSable rivers to improve and enhance fisheries and aquatic resources affected by the operation of Consumers Energy Company’s hydropower projects. These projects include fisheries habitat restoration and enhancement, preparing comprehensive river management plans, aquatic studies, fisheries recreation, water quality improvement and soil erosion control activities on these three rivers.

**Criteria:**
1. The proposed project must be needed in the area.
2. Degree to which the project meets one of the needs, areas of concern, or management direction indicated by the river assessments, river management plans, or Fisheries Division priorities and supported by the project coordinator
3. Length of time the project will provide benefits
4. Impact on future research projects such as enhancement to increase natural recruitment thereby reducing future costs of stocking
5. Reduction of future expenditures or direct expenditures in a positive manner
6. Size of area that will benefit from the proposed project
7. Proposed project benefits compared to the costs
8. Applicant has made preliminary arrangements with appropriate contractors for completion of the proposed project.
9. Proposed projects having match funds available will be given preference.

**Eligibility:**
All units of government, nonprofit organizations, and individuals willing to develop and complete projects located in the watersheds for the three river systems where the Consumers Energy Company hydropower projects are located.

**Application Process:**
Project applications are coordinated with the designated Project Coordinator for each river system. Project details should be provided to the Fisheries Division Coordinators by the end of February. Process and review of applications will be from March 1 through August 31. Successful project applications are notified of acceptance between September 1 and September 30. Contracts signed and funds will be transferred to successful applicants between October 1 and November 30. All projects will be required to file completion reports by October 30 of the following year.

**Deadline(s):**
Project applications are due in the office of the Project Coordinator by February 28, 2011

**Timelines(s):**
If a call for projects is announced, the application review and funding process for eligible projects is January 1 through September 30. Funds are dispersed to successful candidate projects after October 1. Verification of completion is October 30 of the following year.
**Michigan Habitat Improvement Fund Program Grants**

**Dollar Amount(s) Available:**
No minimum amount; no maximum amount.

**Source(s) of Funds:**
Game and Fish Settlement Fund

**Authority:**
Annual appropriation by the Michigan Legislature

**Contact(s):**
Fisheries Division: Kyle Kruger, Mio, (989-826-3211, Ext. 7073), krugerk@michigan.gov

**Fiscal Year 2011 Appropriation:**
Not determined at time of publishing

**NOTE:** This program has been revised. Contact Kyle Kruger at 989-826-3211, Ext. 7073, regarding questions for new applications.
**BOATING**

**WATERWAYS PROGRAM GRANTS**

**Program Objective(s):**
Program Objectives provide design and construction of recreational boating facilities in the state. Funds are available for engineering studies and infrastructure improvement projects at state-sponsored harbor/mooring and boating access site/launch facilities.

**Criteria:**
On-site investigation by Recreation Division (RD) staff may be required to determine suitability of proposed work; applicant may be required to document area boating demand.

**Eligibility:**
Only local units of government (city, village, township, county) and universities are eligible. Local units and universities may cooperate with sports/community organizations in the implementation of projects.

**Application Process:**
1. Submit application form to RD.
2. Technical review by RD staff.
3. Grants are awarded based on RD review, prioritization, and funding appropriation.
4. Large projects will require a completed preliminary engineering study and permit approval prior to grant consideration for construction.

**Deadline(s):**
Applications must be received in Lansing office by 5:00 PM, April 1. Decisions for large line item construction projects may be made in the spring for the next available fiscal year funding.

**Timeline(s):**
The application review and funding process for projects is from April 1 until an appropriation is approved by the legislature. This can take up to approximately 18-24 months.

**Dollar Amount(s) Available:**
Grant assistance is provided at a base level of 50% of the estimated project cost. Requests for less than 50% state funding will be given additional preference in the selection process. Any funding requests above 50% state funding shall be evaluated based on a formal review of the community’s certified financial audits filed with the Department of Treasury for the past three years. Project funding ratios will be determined by the project size and scope in relation to the community’s annual budget. The scale for funding shall be in 5% increments to a maximum of 95% state funding.

**Source(s) of Funds:**

**Boating Infrastructure Grant Program**

**Program Objective(s):**
To provide construction of recreational boating facilities in the state that meet the following goals:
- Create dockage for transient recreational boats 26 feet or larger in order to provide access to recreational opportunities and safe harbors;
- Provide navigational aids for transient boaters using these facilities;
- Enhance access to recreational, historic, cultural, natural, and scenic resources;
- Strengthen local ties to the boating community and its economic benefits;
- Promote public/private partnerships and entrepreneurial opportunities;
- Provide continuity of public access to the water, and;
- Promote awareness of transient boating opportunities.

For Boating Infrastructure Grant Application and more information, select the following link:
- [Boating Infrastructure Program Application](#)
- [The Boating Infrastructure Grant Program – A Template for Developing a Proposal](#)

**Criteria:**
All facilities constructed under this program must be:
- Designed to accommodate boats 26 feet or greater in length;
- Used by transient boaters (boaters not at their home port and staying not more than 10 consecutive days);
- Open to the public;
- No commercial uses or seasonal slips allowed;
- Designed and constructed to last at least 20 years;
- Continue to be used for their original stated grant purpose; and
- Maintained throughout their useful life.

Activities that are not allowed under the program include:
- Routine custodial and/or janitorial maintenance activities (those that occur regularly on an annual or more frequent basis);
- Construction of slips for long-term rental (more than 10 days);
- Construction or maintenance of facilities designed for trailerable boats;
- Maintenance or dredging;
- Dry land storage or haul out facilities;
- Activities or construction that does not provide public benefit.

On-site investigation by Recreation Division (RD) staff may be required to determine suitability of proposed work; applicant may be required to document area boating demand.

**Additional State Requirements:**
- [Waterways Grant-in-Aid Program Requirements](#)

**Eligibility:**
Local units of government (city, village, township or county), public universities, and private facilities
**BOATING INFRASTRUCTURE GRANT PROGRAM**

**Application Process:**
1. Submit Boating Infrastructure Grant Program application form to Department of Natural Resources, RD.
2. Submit a Boating Infrastructure Grant Program Proposal.
3. Technical review of applications will be conducted by RD staff. After May 15, grant applications are potentially recommended to proceed with a final version of a proposal to the U.S. Fish and Wildlife Service.

**Deadline(s):**
Applications must be received by the Department of Natural Resources, RD, in Lansing office by 5:00 PM, May 15.

**Timeline(s):**
The Boating Infrastructure Grant application initial review and funding process for projects is from May 15 until the federal government appropriates funding for projects. If the potential project application is approved to proceed, the applicant will then be asked to develop and complete a proposal with associated federal forms with the goal of submitting to the U.S. Fish and Wildlife Service by approximately September 21, 2011. Exact date to be announced. If the U.S. Fish and Wildlife Service approves the project proposal, the applicant will then be asked to submit a full package of required documents. An applicant will then be required to sign a third-party agreement with the Department of Natural Resources, PRD before proceeding with final engineering documents and construction.

**Dollar Amount(s) Available:**
Grant funding covers 75% of the total approved project costs for construction of infrastructure improvement projects started after formal award of the Boating Infrastructure funding. The remaining cost-share funds must come from applicants based on non-federal sources.

**Source(s) of Funds:**
Sport Fish Restoration Account (Federal Funds)

**Authority:**
Annual appropriation from the Sport Fish Restoration Account of the Aquatic Resources Trust Fund pursuant to the Sport Fishing and Boating Safety Act.

**Contact(s):**
Recreation Division: 517-373-9900
Harbors/Marinas: Paul Petersen, 517-335-3033, petersenp@michigan.gov

**Fiscal Year 2011 Appropriation:**
Funds not determined at this time
**CLEAN VESSEL ACT - BOAT PUMPOUT GRANTS**

**Program Objective(s):**
To provide new or upgraded marine sewage disposal facilities, pumpouts and dump stations.

**Criteria:**
Approval based on the type of marine sewage disposal facility proposed, geographic location, number of boats served and cost of the facility. Greater priority will be given to projects which provide increased access to pumpouts and dump stations, taking into account cost considerations to provide the highest benefit for the monies spent.

**Eligibility:**
Grants are provided to both private and public boating facilities. Eligible projects primarily include dump stations, additional pumpouts at large boating facilities or those covered by a pumpout agreement, pumpouts for mooring facilities with a minimum of 15 slips, municipal sewage treatment system hookups and tap-in fees, and upgrading of older pumpout systems.

**Application Process:**
1. Submit application form.
2. Grant agreement approval and signatures.
3. Complete approved work scope.
4. Submit cost documentation for reimbursement of eligible costs.

**Deadline(s):**
Applications are accepted throughout the calendar year for future fiscal year consideration. Contact Administration Division, Finance Section for more information.

**Timeline(s):**
Notification of approval will occur within 60-90 days of completion of the application form and required information is received.

**Dollar Amount(s) Available:**
Grants are funded up to 75 percent of the eligible project cost with the 25 percent match provided by the grant recipient. Grants limited to the cost of a pumpout and holding tank/hookup.

**Source(s) of Funds:**
Sport Fish Restoration account of the Aquatic Resources Trust Fund, commonly known as the Wallop-Breaux Fund. The DNR has a limited amount of federal funds available for this program. We will continue to accept applications, but the ability to award new grants is dependent upon future federal funds.

**Fiscal Year 2011 Appropriation:**
$100,000
FORESTRY

FOREST STEWARDSHIP - PLAN WRITING GRANTS

Program Objective(s):
The objective of the Forest Stewardship Program (FSP) plan writing grant is to provide an incentive for certified plan writers to reach out to non-industrial private forest landowners in writing Management Plans. These plans will provide silvicultural, hydrological, recreational and ecological information that will assist eligible landowners make informed choices for the long-term protection and management of the forest ecosystem on their property.

Criteria:
To receive a Plan Writing Grant, a plan writer must:
1. Submit the original application form (PR4219-1). Applications will be accepted from FSP certified plan writers.
2. Submit a Memorandum of Understanding between the plan writer and the Michigan Department of Natural Resources (DNR), Forest Management Division (FMD).
3. For each year AFTER the initial year, a Certified Plan Writer must have obtained a minimum of six hours of continuing education training during that year.
4. To receive payment for a completed plan on a grant, a plan writer and landowner must:
   a. Landowner and plan writer must fill out the FSP Land Eligibility Application and invoice form (PR4065-3).
   b. The plan must be submitted using the required cover page for Forest Stewardship (PR4062).
   c. FMD must receive the prepared management plan and documentation showing the landowner paid at least 50 percent of the cost of the plan and that they accept the plan. FMD will review the plan to ensure that it meets all the required criteria for a Forest Stewardship Plan, approve the plan, and forward it to the Forest Stewardship Coordinator.

Eligibility:
To be eligible for a plan writing grant, applicants must be Forest Stewardship program-certified plan writers. A Certified Plan Writer must:
1. Have a four-year degree in Forestry or related Natural Resource field OR have a two-year degree in Forestry or related Natural Resource field with approved experience and submit documentation to the Forest Stewardship Coordinator.
2. Applicant must attend initial six-hour training on the Michigan Forest Stewardship Program, either through the Forest Stewardship Coordinator or the FMD.
3. Maintain six hours of approved continuing education in natural resource management yearly and submit documentation of such to the Forest Stewardship Coordinator.
4. Remain in good standing by providing professional service in a timely manner.
Application Process:

1. Become a Certified Plan Writer by submitting a resume to the Forest Stewardship Coordinator, attending the required training and submitting a signed Memorandum of Understanding.
2. Complete the grant application and return to the Forest Stewardship Coordinator with a signed W-9 form. FMD staff reviews applications. Applications are approved, adjusted or denied. Applicants are notified and grant agreements are awarded.

Deadline(s):
Applications are accepted year-round. Grants are issued annually and all work must be completed and approved by September 15 of each year.

Timeline(s):
Project completion by September 15 of each year. Grant applications may be submitted at any time.

Dollar Amount(s) Available:
50 percent of the cost of the plan, not to exceed $300.00, plus $1.25/acre (maximum $2,000.00).
The landowner must pay at least 50 percent of the total cost of the plan.

Source(s) of Funds:
U. S. Department of Agriculture - Forest Service

Authority:
U. S. Farm Bill. Annual appropriation by the USDA Forest Service

Forest Management Division: Mike Hanley, 517-241-1608, hanleym@michigan.gov

Fiscal Year 2011 Appropriation:
The amount available from the U.S. Department of Agriculture - Forest Service has decreased the amount available to states. There will be approximately $50,000 available for Forest Stewardship grants in FY 2011.
FOREST STEWARDSHIP - OUTREACH AND EDUCATION GRANT PROGRAM

NOTE: THERE WILL BE NO FUNDING AVAILABLE FOR THE FOREST STEWARDSHIP – OUTREACH EDUCATION GRANT PROGRAM IN FISCAL YEAR 2011

Program Objective(s):
This program is designed to encourage private forest land owners to actively manage their forest ecosystems and to develop long-term management plans that will enhance the understanding of forest systems, while at the same time providing outreach and education to all citizens about stewardship of our natural resources. Projects which offer information and education to private owners regarding the use of sound forest management principles to sustainably manage their forest land are used to encourage landowners to actively manage their forest land.

Criteria:
Proposals considered will be for projects that include management plans for school and municipal forests, outreach and education projects, demonstration areas and ecosystem projects. All proposals MUST include a component or specifically target the non-industrial private landowner.

Eligibility:
Local units of government, individuals, nonprofit organizations, and school districts with school forests. Grant funds cannot be used as substitutions for existing program expenditures and may not be used to purchase equipment. A 50 percent match is required, with a detailed budget prepared that identifies the source of the match dollars.

Application Process:
Due to a decrease in federal funding, there will be no Outreach and Education grants in FY 2011.

Deadline(s):
No grants available in FY 2011

Timeline(s):
No grants available in FY 2011

Dollar Amount(s) Available:
No grants available in FY 2011

Source(s) of Funds:
U. S. Department of Agriculture - Forest Service
**Authority:**
U. S. Farm Bill. Annual funding by the USDA Forest Service.

**Contact(s):**
Forest Management Division: Mike Hanley, 517-241-1608, hanleym@michigan.gov

**Fiscal Year 2011 Appropriation:**
There are no funds allocated for Outreach and Education grants in 2011, due to decreased federal funding to the state.
Program Objective(s):
To provide funds for projects that address the urban forestry needs of municipal governments, schools, nonprofit organizations and volunteer groups throughout Michigan. These projects may include: tree inventories, management plans, tree planting educational workshops and training materials, and other maintenance activities.

Criteria:
Projects that develop or enhance urban and community forestry resources in Michigan. Project categories are: management and planning, education and training, tree planting, and library resources.

Eligibility:
Local units of government, schools, tribes and nonprofit organizations

Application Process:
Applications are announced each summer, submitted to the Forest Management Division and then reviewed by Division staff. Applications are approved, adjusted or denied. Applicants are notified and agreements signed.

Deadline(s):
Applications are due annually each summer (August). Visit http://www.michigan.gov/dnrucf.

Timeline(s):
Project duration: Approximately one year (October through September).

Dollar Amount(s) Available:
Grant requests may be up to $20,000, as determined by project category.

Source(s) of Funds:
U. S. Department of Agriculture - Forest Service

Authority:
Annual appropriation by the Michigan Legislature

Contact(s):
DNR Urban Forestry Coordinator, Forest Management Division: Kevin Sayers, 517-241-4632, sayersk@michigan.gov

Fiscal Year 2011 Appropriation:
Approximately $125,000 for grants
**URBAN AND COMMUNITY FORESTRY PROGRAM - DTE ENERGY FOUNDATION TREE PLANTING GRANTS**

**Program Objective(s):**
To increase the number of properly planted, established and maintained trees within the service territory of DTE Energy.

**Criteria:**
Tree planting projects such as park, right-of-way, city streets, nature study areas, school grounds planting and neighborhood revitalization projects. All trees must be planted on public land or land open to the public.

**Eligibility:**
Local units of government, schools and nonprofit organizations within the service territory of DTE Energy and its subsidiaries, Detroit Edison Electric and Michigan gas.

**Application Process:**
Applications are announced each Fall (November-December), submitted to the Forest Management Division and reviewed by Division and DTE staff. Applications are approved, adjusted or denied. Applicants are notified and agreements signed.

**Deadline(s):**
Applications are due annually each Fall. Visit [www.michigan.gov/dnrucf](http://www.michigan.gov/dnrucf).

**Timeline(s):**
Project duration: Approximately 10 months (March through December).

**Dollar Amount(s) Available:**
Grant requests may be up to $3,000 each

**Source(s) of Funds:**
DTE Energy Foundation

**Authority:**
Annual partnership with DTE Energy Foundation

**Contact(s):**
DTE service area eligibility – Roberta (“Bert”) Urbani, (313-235-8624), urbanir@dteenergy.com
Program issues – DNR Urban Forestry Coordinator, Forest Management Division: Kevin Sayers, 517-241-4632, sayersk@michigan.gov

**Fiscal Year 2011 Funding Available:**
Approximately $60,000
MICHIGAN VOLUNTEER FIRE ASSISTANCE
(FORMERLY – RURAL COMMUNITY FIRE PROTECTION)

Program Objective(s):
To assist fire departments in acquiring fire fighting equipment for local communities.

Criteria:
The number of fire departments involved; number of communities served; population of area served; number of formal, written, nonpay mutual aid agreements; annual budget; type of organization (paid or volunteer); current participation in FHA Community Facilities Loan; currently under a commercial loan; unusual fire hazards; type of water supply; and insurance classification.

Eligibility:
Fire departments in rural communities with populations of 10,000 or less

Application Process:
1. Local fire department makes application to Division’s Management Unit Office.
2. Management Unit prioritizes applications within unit and forwards to Division.
3. Division office prioritizes applications statewide and awards grants.
4. Fire department purchases equipment and sends documentation to Division.
5. Division pays 50 percent of the cost, up to allocation amount.

Deadline(s):
Applications by June 15 of each year; project completion by August 1 of the following year

Timeline(s):
Grantees are notified of a grant award by November 15

Dollar Amount(s) Available:
Maximum grant amount is $4,999

Source(s) of Funds:
U.S. Department of Agriculture - Forest Service

Authority:
Cooperative Forest Assistance Act of 1978, P. L. 95-313

Contact(s):
Forest Management Division:  Jack Schultz, 517-373-1218, schultzc1@michigan.gov

Fiscal Year 2011 Appropriation:
Approximately $250,000
**Program Description:**
By federal statute, a portion of timber and mineral revenue generated from the national forests in Michigan is disbursed to the counties in which the forests are located. These revenues are paid to the state who in turn disburses the monies to the counties. The counties are required by law (P.A. 182 of 1990) to distribute 75% of the funds to local school districts for school purposes and 25% to townships for the improvement of county roads within those townships.

An application process is not necessary because the revenues are flow through and are disbursed in accordance with federal and state statutes.

**Contact(s):**
Office of Financial Services: Brandon Reed, 517-335-3237, reedb2@michigan.gov

**Fiscal Year 2011 Appropriation:**
The amounts appropriated for Fiscal Year 2010 were $3,300,000 for timber revenue and $150,000 for oil and gas revenues; however, distributions made will be for the amounts actually received from the federal government.
TRAILS

RECREATIONAL TRAILS PROGRAM GRANTS

Program Objective(s):
To fund the maintenance and development of recreational trails and trail related facilities.

Criteria:
Projects are evaluated based on the following criteria:
1. Project need and benefit
2. Site/project quality
3. Balance among project types
4. Balance among trail uses
5. Geographic distribution of projects
6. Balance among programs/divisions

Eligibility:
State projects and state/local government partnership projects. A division within the Department of Natural Resources (Department) must always be the applicant.

Application Process:
Internal Department process. Local unit of government sponsored projects can be considered for funding if they contribute to Department program goals and they are located on Departmental land or linked to a trail on Departmental land. Local unit of government applications will not be considered unless the project is developed as a joint application with a division/bureau prior to the application deadline. The Departmental division must always be the applicant.

Deadline(s):
June 1, 2011

Timeline(s):
Funds are available on or after October 1

Dollar Amount(s) Available:
No limit on individual projects

Source(s) of Funds:
Federal Department of Transportation-Highway Administration (a portion of the federal gas tax). Administered by the Department.

Authority:
Annual appropriation by the Michigan Legislature

Contact(s):
Forest Management Division: Mark Mandenberg, 517-335-3037, mandenbergm@michigan.gov

Fiscal Year 2011 Appropriation:
Approximately $3,900,000 available for grants, pending federal funding
RECREATION IMPROVEMENT FUND GRANTS

Program Objective(s):
To fund the operation, maintenance and development of recreation trails and restoration of lands damaged by off-road vehicles and inland lake cleanup.

Criteria:
Projects are evaluated based on the following criteria:
1. Project need and benefit
2. Site/project quality
3. Balance among project types
4. Balance among trail uses
5. Geographic distribution of projects
6. Balance among programs/divisions

Eligibility:
State projects and state/local government partnership projects. A division within the Department of Natural Resources (Department) must always be the applicant.

Application Process:
Internal Department process. Local unit of government sponsored projects can be considered for funding if they contribute to Department program goals and they are located on Departmental land or linked to a trail on Departmental land. Local unit of government applications will not be considered unless the project is developed as a joint application with a division/bureau prior to the application deadline. The Departmental division must always be the applicant.

Deadline(s):
June 1, 2011

Timeline(s):
Funds are available on or after October 1

Dollar Amount(s) Available:
No limit on individual projects

Source(s) of Funds:
Recreation Improvement Fund (a portion of the state gas tax). Administered by the Department.

Authority:
Part 711, PA 451 of 1994, as amended

Fiscal Year 2011 Appropriation:
Approximately $1,100,000 available for grants, pending state funding
SNOWMOBILE TRAIL IMPROVEMENT PROGRAM

Program Objective(s):
This program provides funding to maintain snowmobile trails as part of the designated statewide trail system. Grant funds are available for three purposes.

1. Seasonal grooming and general maintenance of snowmobile trails.
2. Special maintenance projects that improve the condition and/or access to trails.
3. Replacement of equipment used for maintaining trails.

Seasonal grooming and maintenance includes grooming of the trail surface, placing signs along the assigned trail segments and clearing brush from the trails.

Special maintenance projects may include bridge construction and repairs, erosion control, replacement of culverts and relocation of trails off plowed roads. Only current trail sponsors may apply for special maintenance projects.

Equipment replacement grants may include grooming tractors, drag, front blade and radio or telephone equipment. Only current trail sponsors may apply for equipment replacement grants.

Criteria:
Snowmobile Trail Improvement Program grants are issued to trail sponsors for maintaining the state of Michigan’s designated snowmobile trail system. If a trail is not on public property, a trail sponsor must be able to obtain a trail right-of-way that is open to public snowmobiling in an area that receives adequate snowfall for snowmobiling from December through March of each year. Trail sponsors must have their own equipment for maintaining trails. The trails to be maintained by a trail sponsor will be assigned by the Department of Natural Resources (Department).

Eligibility:
Local units of government and nonprofit, incorporated snowmobile clubs and organizations are eligible to apply for these grants. Individuals are not eligible.

Application Process:
1. Grant applications and information on applying for grants are made available in late spring.
2. Grant applications with required documents are due to the Department in summer.
3. The Department reviews applications and selects projects to be funded.
4. Grant agreements are issued to sponsors in October for the upcoming snowmobile season.
5. Signed grant agreements are returned to the Department by the end of October.
6. A fully executed grant agreement is provided to each sponsor.

Deadline(s):
Grant applications are due by July 15 of each year for annual grooming and special maintenance projects. New trail proposals may be submitted any time during the year.
**SNOWMOBILE TRAIL IMPROVEMENT PROGRAM**

**Timeline(s):**

The time period from grant application to grant award is three to four months. Grants are issued for an entire fiscal year, October 1 through the following September 30. Special Maintenance project grants are issued for two fiscal years.

**Dollar Amount(s) Available:**

For trail signing, brushing and grooming, payment is made on a pre-established per mile basis. For equipment replacement grants, 100 percent of actual cost is reimbursable. For special maintenance projects, 100 percent of actual cost is reimbursable.

**Source(s) of Funds:**

**Fiscal Year 2011 Appropriation:**

$8,004,000
OFF ROAD VEHICLE (ORV) TRAIL IMPROVEMENT PROGRAM

Program Objective(s):
This program provides funding for maintenance of established ORV trails and facilities as part of the designated statewide trail system. It also funds development of new trails and facilities, and restoration of natural resources damaged by ORV use.

Criteria:
Applications for trail, route, or area maintenance and/or development must be for facilities that are open to the public. Applications for damage restoration funds must be for lands in public ownership.

Eligibility:
Government agencies and nonprofit, incorporated clubs and organizations are eligible for these grants. Individuals are not eligible.

Application Process:
1. Grant applications and information on applying for grants are available in early spring.
2. Grant applications with required documents are due to the Michigan Department of Natural Resources (Department) by May 1.
3. The Department reviews applications and selects projects to be funded.
4. Grant agreements are issued to sponsors in late winter for the upcoming ORV season.
5. Approved sponsors must return two signed, original project agreements to the Department.
6. A fully executed grant agreement is provided to each sponsor.

Deadline(s):
Grant applications are due May 1 of each year

Timeline(s):
The time period from grant application to grant award is approximately five months. Grants are issued for an entire fiscal year, October 1 through September 30. Special maintenance projects may be issued for two fiscal years.

Dollar Amount(s) Available:
Maximum allowable is up to 100 percent of cost, not to exceed the actual grant allocation

OFF-ROAD VEHICLE (ORV) TRAIL IMPROVEMENT PROGRAM

Fiscal Year 2011 Appropriation:
$2,454,000
Program Objective(s):
The objective of the Marine Safety program is to promote safety in the use of recreational watercraft through law enforcement and education.

Criteria:
Grant funding is made available to county sheriff departments within the State of Michigan and is dependent on such factors as the area of public waters to be patrolled, the number of law enforcement personnel available for marine patrol, the number of boat livery inspections to be conducted and the extent of the county’s boating safety education program.

Eligibility:
All counties in the State of Michigan are eligible to apply for Marine Safety grant funds. Expenses applied to patrol time and law enforcement work, instruction of boating safety classes, administering proctored boating safety exams for approved on-line safety courses, inspection of boat liversies, operating costs, and purchase of equipment necessary for patrol and law enforcement work are eligible for reimbursement, dependent on availability of funding.

Application Process:
1. Grant applications are made available in October each year.
2. County grant proposals are due by December 31 to the Michigan Department of Natural Resources (Department).
3. The Department reviews, evaluates and approves funding to counties.
4. The Department prepares grant agreements and notifies each county of their approved Marine Safety program grant.

Deadline(s):
Grant applications are due by December 31 for the following calendar year.

A completed State Aid Voucher and documentation of expenditures are due no later than April 1 following the end of the grant period for reimbursement with state funds. A State Aid Voucher and documentation of expenditures are due by October 31 following the end of the grant period, for reimbursement with federal funds.

Timeline(s):
The time period from grant application to grant award is two to three months. For state funds, grants are issued for an entire calendar year, January 1 through December 31. For federal funds, grants are issued for a partial fiscal year, January 1 through September 30.

Dollar Amount(s) Available:
Funding is based on the criteria listed above and varies from county to county. Reimbursement with state funds is up to 75 percent of actual expenditures, but not to exceed the grant allocation. Reimbursement with federal funds is up to 100 percent of actual expenditures, not to exceed the grant allocation.
Source(s) of Funds:

State funds: administered by the Michigan Department of Natural Resources. Federal funds: Boating Safety Financial Assistance, administered by the U.S. Coast Guard, Department of Homeland Security.

$1,900,000 State (estimated)
$1,600,000 Federal (estimated)
**SNOWMOBILE LAW ENFORCEMENT GRANTS PROGRAM**

**Program Objective(s):**
The objective of the Snowmobile Law Enforcement program is to promote safety in the use of snowmobiles through law enforcement and education.

**Criteria:**
Grant funding is made available for patrol of the state designated snowmobile trail system and routes connecting with the state designated trails. The number of trail miles within each county and the demonstrated ability to expend the funds effectively are considered in the review of grant applications.

**Eligibility:**
County sheriff departments and other local law enforcement agencies in the State of Michigan are eligible to apply for snowmobile law enforcement grant funds. Expenses applied to patrol time, operating costs, and purchase of equipment necessary for enforcement work are eligible for reimbursement, dependent on availability of state funding.

**Application Process:**
1. Grant applications are made available in June each year.
2. Law enforcement agencies’ grant proposals are due by August 1 to the Michigan Department of Natural Resources (Department).
3. The Department reviews, evaluates and approves funding to law enforcement agencies based on the criteria listed above.
4. The Department prepares grant agreements and notifies each law enforcement agency of their approved snowmobile law enforcement grant.

**Deadline(s):**
Grant applications are due by August 1 for the following snowmobile season.

For reimbursement, a completed State Aid Voucher, annual activity report and other expenditure documentation are due by May 31 to the Department, following the end of the grant period.

**Timeline(s):**
The time period from grant application to grant award is two to three months. Grants are issued for a partial fiscal year, October 1 through the following April 30.

**Dollar Amount(s) Available:**
Funding is based on the criteria listed above and varies between grantees. Reimbursement is up to 85 percent of actual expenditures, not to exceed the grant allocation. A local match of 15 percent of reimbursable expenditures is required.

**Source(s) of Funds:**

**OFF ROAD VEHICLE (ORV) LAW ENFORCEMENT GRANTS**

**Program Objective(s):**

The objective of the Off-Road Vehicle Law Enforcement program is to promote safety in the use of off-road vehicles (ORV) through law enforcement and education.

**Criteria:**

Grant funding is made available to county sheriff departments in counties with state designated ORV trails, for law enforcement and purchase of necessary equipment. The grant program focus is on the state-designated ORV trail system and is not meant to provide funding for patrol of routes open to ORV traffic through local ordinances. The number of trail miles within each county and the demonstrated ability to expend the funds effectively are considered in the review of grant applications.

**Eligibility:**

County sheriff departments in the State of Michigan are the only eligible applicants for ORV law enforcement grant funds. Expenses applied to patrol time, operating costs, and purchase of equipment necessary for law enforcement work are eligible for reimbursement, dependent on availability of state funding.

**Application Process:**

1. Grant applications are made available in June each year.
2. County grant proposals are due by August 1 to the Department of Natural Resources (Department).
3. The Department reviews, evaluates and approves funding to counties based on the criteria listed above.
4. The Department prepares grant agreements and notifies each county of their approved ORV law enforcement grant.

**Deadline(s):**

Grant applications are due by August 1 for the following fiscal year, beginning October 1.

For reimbursement, a completed State Aid Voucher, annual activity report and other expenditure documentation are due by October 31 to the Department, following the end of the grant period.

**Timeline(s):**

The time period from grant application to grant award is approximately two months. Grants are issued for an entire fiscal year, October 1 through the following September 30.

**Dollar Amount(s) Available:**

Funding is based on the criteria listed above and varies from county to county. Reimbursement is up to 100 percent of actual expenditures, not to exceed the grant allocation.

SAFETY EDUCATION

OFF ROAD VEHICLE (ORV) SAFETY EDUCATION GRANTS

Program Objective(s):
The objective of the ORV Safety Education Program is to promote safety in the use of off-road vehicles (ORV) through education.

Criteria:
Grant funding is made available for certified ORV safety instructors to teach ORV safety classes. Grant applicants must meet requirements, and instructors must successfully pass a background check in addition to obtaining an ORV safety instructor certification.

Eligibility:
County and local government agencies, school districts, colleges and universities in the State of Michigan are eligible to apply for ORV Safety Education Program grant funds.

Application Process:
1. Grant applications and information on applying for grants are made available in June each year.
2. Grant applications are due to the Michigan Department of Natural Resources (Department) by August 1.
3. The Department reviews applications and selects grantees based on eligibility criteria.
4. Grant agreements are issued to grantees for the following fiscal year, which begins October 1.

Deadline(s):
Grant applications are due by August 1.
Grant payment requests are due by October 15 following the end of the grant period.

Timeline(s):
The time period from grant application to grant award is approximately two months. Grants are issued for an entire fiscal year, October 1 through the following September 30.

Dollar Amount(s) Available:
Grant awards are based on the number of students to be taught, and may be up to $15.00 per student. No other expenses, such as purchase of equipment, are covered directly by the grant program.
