

Michigan averages 17 tornadoes each year, but the annual occurrence has ranged from as high as 39 to as low as two.

READY OR NOT?

Hear how Oakland County's Hazard Mitigation Plan can be a resource for your community's preparations to minimize the impact of unexpected damage.

Join us for an overview on Oakland County's Hazard Mitigation Plan — what it calls for, its impact on local communities and how it can be a resource for your community's planning. Come and hear the discussion on incorporating storm shelters into the site designs of new developments, parks and recreation facilities. Learn about the design and policy considerations of hazard mitigation planning for the disabled and special needs populations.
